12 reasons

to vote for the «liste du bourgmestre»

2 Affordable housing for all

We will expand the availability of social and mid-range housing to ensure that every resident of Etterbeek has access to reasonably priced housing and to promote homeownership for families.

4 Exemplary public cleanliness

Through awareness campaigns, effective enforcement, and participatory actions, we will intensify our efforts to ensure a clean and pleasant commune.

1 An ambitious ecological transition

We will make Etterbeek greener by reducing greenhouse gas emissions, greening urban spaces, and installing solar panels on public housing.

3 Community policing for enhanced security

We will maintain an active community police force to combat antisocial behavior, enhance public tranquility, and more effectively fight drug trafficking.

5 Strong citizen participation

We will increase opportunities for consultation and citizen involvement as often as possible, so that every resident can contribute to communal decisions.

6 Energy efficiency in public buildings

We will reduce the energy consumption and carbon footprint of public buildings, notably by leveraging public savings through the «communal bonds» initiative.

7 Solidarity with our seniors

We will implement specific measures to ensure that our seniors can live with dignity at home, while combating social isolation through strengthened support and assistance initiatives.

8 Increased support for single-parent families

We will intensify existing actions and assistance to provide personalized support that addresses the specific needs of these families.

9 Encouraging affordable rent

We will introduce a tax incentive for landlords to offer affordable rents, preserving diversity and supporting families and young households.

10 Healthy food in schools

We will ensure that all municipal schools provide healthy and balanced meals to promote the well-being of children.

11 Expansion of childcare spots

Already the number one in Brussels, we will continue to expand daycare spots to meet the needs of families and make life easier for parents.

12 Improved access to healthcare

We will create a new public polyclinic in Etterbeek and strengthen first-line psychological support to ensure the health and well-being of residents.

Dear Residents of Etterbeek,

On October 13th, we have the opportunity to make a decisive choice: the choice to continue building our beautiful commune together. Comprising 35 talented candidates, the «Liste du bourgmestre» fully reflects the diversity and richness of Etterbeek. These women and men, coming from your neighborhoods, are the mirror of our community, representing the social and cultural diversity that gives strength to our urban village. Nearly one-third of them come from civil society, bringing fresh perspectives and a deep understanding of everyday realities. Alongside me, they proudly carry our slogan «**Stronger Together**» and are ready to represent you with positive energy and strong conviction, to build a future where everyone can thrive.
